# Prison Education Dynamic Purchasing System

A DPS is a digital framework which will provide a more flexible way for governors to purchase education services, separate to the Prison Education Framework (PEF). The design of the DPS means that it is accessible for all kinds of suppliers.

Supplier joins the  
DPS

Governor issues  
mini-ITT

Suppliers can see  
the ITTs issued

## *The DPS process*

Governor evaluates  
and awards

Supplier submits a  
bid

Supplier self selects  
the competitions  
they want to enter

✓ **Simplicity** – The DPS is easy to join and easy to bid for call-offs

✓ **Fairness** – Governors will be required to use fair and transparent evaluation for all values

✓ **Regularity** – Opportunities appear throughout the year rather than a specific points
