

Partnership Opportunities

Lookfantastic Training are seeking delivery partners to join our stable of apprenticeship providers. We are looking to partner with organisations with a proven track record in work based learning who can demonstrate commitment to the development of apprentices of all ages and backgrounds.

We are looking to partner with providers whose priorities are aligned with local skills needs, have good local knowledge of their employer market and are specialists in their field. This opportunity is open to providers based in Sussex or those looking to support delivery of apprentices in the county.

Lookfantastic are proud to hold grade 2 Ofsted and have an excellent track record in helping partners achieve and grow quality provision.

For further information and an opportunity to discuss this opportunity please contact Andrew Ayres at Lookfantastic Training
