

Taking Teaching Further Programme

The programme is divided into two strands:

- Strand 1: Financial Support for Initial Teacher Education. Financial support for up to 150 industry experts to become FE teachers, covering the course costs of teacher training as well as support and mentoring
- Strand 2: Industry and College/Provider Innovation projects. Support up to 40 innovative and scalable projects that help develop local partnerships and collaborations.

The programme is open to all Further Education providers in England including:

- General and specialist colleges
- National Colleges
- Independent training providers
- Employer-led providers
- Third-sector training providers
- Local authority providers
- Adult and community learning providers.

Round 2 projects will start in financial year 2019-20 and will be subject to a separate application process, due to start in December 2018.
